What if you had a movie in your hands that could save someone else's life?

We are pleased to invite you to a special showing of the movie, *Bella*, hosted by **Saint Anselm Campus Ministry** and **New Hampshire Right to Life!**

New Hampshire Right to Life

This award-winning film has changed hearts and saved lives all across America and internationally. In 2009, one of the Executive Producers, Jason Jones, founded a program called Bella Hero in an effort to provide free Bella DVDs to pregnancy care centers across America. Come see and hear how Bella is being used as a life-saving tool in those centers, high schools, on college campuses and even brings a message of hope and redemption to those in prison. Tracy Reynolds from Bella Hero and Operation Outcry will lead a discussion after the movie to share stories of post-abortion healing, lives saved and how the movie even changed the lives of the actors.
